<https://goo.gl/LUQZcf>

- ❑ This presentation is for an adult audience
- ❑ Open gym & childcare available for toilet-trained children

Hidden In Plain Sight Exhibit:

This interactive traveling exhibit invites attendees to tour a mock teenage bedroom that contains over 100 items that may be indicative of risky behaviors including substance abuse, underage drinking, eating disorders, sexual activity, suicide and more. This exhibit is here for one night only, so don't miss out on this special learning opportunity!

Medication Take-Back Event:

Help protect our teens against drug abuse and overdose by disposing of unused and expired medications. Bring in your unused and expired medications where the DEA will safely dispose of them.

This event is being held in partnership with: Mike Nerheim, Lake County State's Attorney, LEAD, and Warren Township Youth & Family Services
