Frederick Friday News – June 5, 2015

Thank you to all of the students, parents, staff, and community members who helped to make this a great school year. We wish everyone a safe and relaxing summer, and look forward to seeing everyone back refreshed and ready to go in the fall.

Field Day
Our Field Day was a great success. We are very thankful for the Grayslake North National Honor Society students who assisted us in running the activities.

Foundation46 News
Since fall of 2012, Foundation46 has given over $59,000 in grants to D46 staff and schools and has assisted 56 students with fees for extra-curricular activities.

We can't do it without the support of people like you! Please join us at the Nine, Wine, and Fine Arts event this Saturday, June 6th at Brae Loch Golf Club. The golf outing is full of fun and shenanigans, making it perfect for golfers of all skill levels. Don't care to golf? You can still take in the incredible artwork of District 46 students and local artists at our palette-pleasing evening event.

Get the details and register for the event at www.ninewineandfinearts.com. We look forward to seeing you there!

In District Summer Programs
The Summer Academy and Camp Invention Registration Packets are available on our district website. The Summer Academy runs June 9 – July 2, and is held at Frederick School. Camp Invention runs July 6-9 and is held at Prairieview School.

Special Notes:

Parents of incoming 5th Graders:
Summer Reading and Math Packets
Summer reading books and math packets were dropped off with 4th grade teachers last week. If there are any questions or problems with the books or packets, please don’t hesitate to contact us here at Frederick School.

We are also asking for you to take an interesting photo of your child reading his/her book this summer. It may be a place you are traveling, them reading with a pet, or just hanging out in the backyard. We will collect and post the photos on our bulletin board in the fall.

Band
If you were interested in having your child register for band and were unable to attend the meetings this week, the Frederick Band Handbook (14-15 version, but still applicable) can be found on our Frederick web page under the Fine Arts tab. This explains the Frederick band program in detail. Please read through carefully, print off and fill out the last two sheets and turn them into the Frederick front office by next Monday, June 8th. You can also scan the signed last two sheets and email them to rivera.eric@d46.org. Please also write down the instrument that your child will be playing on one of the two sheets before turning them in or emailing them.

To secure supply purchase and instrument rental, you can contact PM music. Here is the website for the rental company (pmmusiccenter.com) Inform them of the school (Frederick) and instrument. They know what the required supplies are. Please have supplies and rental done by next week as well.

Parents of incoming 6th Graders:
Summer Reading and Math Packets
Summer reading books and math packets were sent home this past week. If there are any questions or problems with the books or packets, please don’t hesitate to contact us here at Frederick School.

We are also asking for you to take an interesting photo of your child reading his/her book this summer. It may be a place you are traveling, them reading with a pet, or just hanging out in the backyard. We will collect and post the photos on our bulletin board in the fall.

Parents of Future 7th Graders:
Summer Reading and Math Packets
Summer reading books and math packets were sent home this past week. If there are any questions or problems with the books or packets, please don’t hesitate to contact Grayslake Middle School.
In addition to the summer reading and math packets, there are many other opportunities to help keep your child intellectually engaged over the summer. Below are just some of the options for you and your family.

**CCSD 46 Website**
From our district website, you have access to many educational links for a variety of different topics.
http://ww2.d46.k12.il.us/studentlinks.asp

**Discovery Education**
Here is an option through our Discovery Education Subscription
http://blog.discoveryeducation.com/blog/2015/05/21/give-your-students-the-summer-of-a-lifetime/

**Check Out Your Local Public Library**
Here are the weblinks for two of our area libraries
Grayslake: http://www.grayslake.info
Round Lake Area: http://www.rlalibrary.org

**How About This Great Summer Project?**
Are you ready, kids? Put your heads together, make your plans, build your ride, and start your engines at Grayslake Summer Days! Thanks to a committee of four entrepreneurial fourth grade students, we invite kids from all over the area to integrate science, technology, engineering, art, and mathematics with this amazingly fun summer STEM project. You do NOT have to be a District 46 student to join in the fun!

Round up a group of friends this summer to design and build your own environmentally friendly go-kart. Go-karts can be powered by any source other than combustion or gas engines. Race on over to join us on Saturday, August 15 at 1:00 to cruise down Park Ave and show off your smooth ride during Grayslake Summer Days. Awards will be presented for fastest kart, best technical design, and most creative design.

Some suggestions to help you make the most of this experience:
- Consider working with a group of 2-5 kids to ensure that everyone has the opportunity to contribute in a meaningful way. If you know more kids who want to participate, suggest that they form a second team and enter a go-kart of their own.
- Recycle, reuse, renew! Use scrap materials to minimize your costs and to be good stewards of our environment. Consider visiting a scrap yard. Use parts from old bikes, other vehicles, and electronics.

Here is the weblink for more information and to register your team
